

## NOT ALL FOGGERS ARE CREATED EQUAL

The heavy duty electric *E-II Plus* cold aerosol fogger with refillable bottle is a well-balanced, light-weight unit designed for efficiency and easy handling. This quality unit produces optimum size droplets (one to thirty microns) to allow a uniform coverage of insecticide over target areas making the *E-II Plus* the ideal tool for initial services/clean outs.

**plan B**, inc.  
manufacturing & fulfillment solutions

**USE THE CHEMICAL OF YOUR CHOICE  
WITH THE EASY TO USE REFILLABLE BOTTLE**

ALWAYS FOLLOW CHEMICAL LABEL INSTRUCTIONS

The **E-II Plus** dispenses chemical from a 16 oz. refillable cartridge. The **E-II Plus** fixed flow rate provides the professional operator with an accurate chemical application of 1 ounce per minute. Because this chemical is dispensed at the optimum droplet size, the possibility of oil slicks or wetting is virtually eliminated, when applied according to label directions.

## Recommended Uses

Aircraft  
 Restaurants  
 Breakrooms  
 Hotels  
 Office Buildings  
 Small Warehouses  
 Residences  
 Lunchrooms  
 Schools

## Specifications
